I much prefer the new harmonic exciter model in iZotope Ozone 5 Keygen PC & MAC for you iZotope's complete mastering system in a single integrated plug-in includes eight essential mastering tools: Maximizer, Equalizer, Multiband Dynamics, Multiband Stereo Imaging, Post Equalizer, Multiband Harmonic Exciter, Reverb, and Dithering.. Moreover, superimposed input/gain-reduction meters give you additional feedback as you make detailed dynamics adjustments.. It could add a nice sheen on tracks but care needed to be taken in order to not create harshness or a digital quality to music after running through my analogue mastering chain.
